**DECORE**

DECORATIVE HARDWARE COLLECTION

*decore the imagination and reality*

## Bringing a unique charm to any decor with seamless integration of functionality into the design

The world of architectural hardware revolves around just three aspects: precision, perfection, and aesthetics. At DECORE, we take care of all three, with sheer passion. DECORE is a brand created and nurtured by DEV Marketing, a well-known name in the country's hardware business. In all our creations, we at DECORE ensure the highest level of technical perfection before adding a simply unmatched allure. As a result, we can present architectural hardware that is both visually appealing and long-lasting. We are proud of our immaculate hardware accessory offerings, and our dedication to designing and delivering only the best has helped the brand become a great success so quickly. We offer cabinet handles, main door handles, knobs, and drawer pulls, and in addition, DECORE also offers a comprehensive selection of high-quality hardware. DECORE offers exclusive designs in a wide range of materials, sizes, and finishes. Our relationships with our distributors, decision-makers, and end-users are just as important as our products in expressing our dedication. All of this has contributed to the uniqueness of the DECORE brand in the marketplace.

## **Vision**

Attaining the highest points in the hardware manufacturing while capturing hearts and minds with the highest-quality goods and honest business practices

## **Mission**

Our mission is to bring our vision to fruition by increasing innovation and creativity, creating a productive workplace, and delivering the best possible products to our customers. We aim at establishing long-term relationships based on trust and mutual respect.

## **Pristine Quality**

There are strong quality controls in place at our own production facilities, where we meticulously craft our masterpieces. From the raw material to the packed product, we vouch for the reliability of our products. To guarantee that the final product meets our high standards, we conduct a series of inspections throughout the manufacturing process. We can more easily conduct rigorous quality checks because we complete every stage in-house.

## **Ensuring Unflinching Perfection**

Craftsmen who can bring vibrant ideas to life are at the heart of what we do. Our products are the finest approach for us to communicate our quality promise. We're ardent believers that a brand's first impression is shaped by the product's overall quality. We have our own R&D, design, and manufacturing facilities, so we have complete command over the quality of our products.
